ENABLING GROWTH OF FASHION BRANDS THROUGH  
IMPROVED TECHNOLOGY, DIGITAL INNOVATION, AND  
ADVANCED SYSTEM INTEGRATIONS

## About US

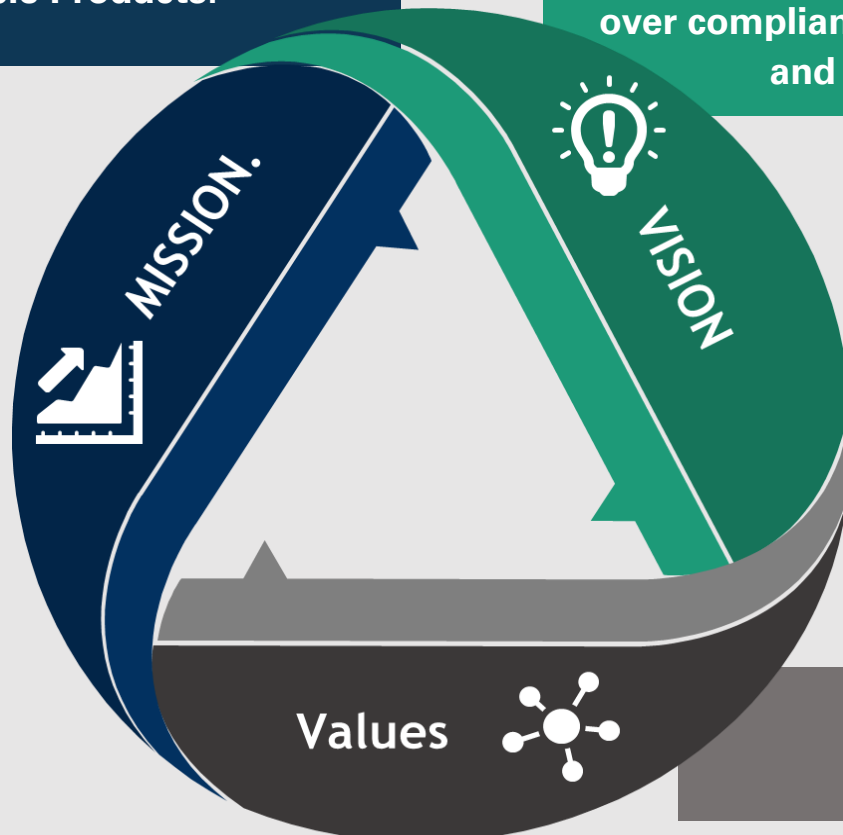

GoVise Technologies is a Privately held technology consulting firm based in Bengaluru, India. Our experienced professionals are fully committed to empowering Fashion Brands across the globe to embrace the latest technology and help to deliver successful Digital and Product Lifecycle Management (PLM) programs. We currently have offices in The USA and India to support our clients in the USA, Canada, and India.

GoVise Technologies is an Exclusive Integration Partner of CLO, responsible for developing integration with upstream and downstream packages on behalf of CLO. We are also developing a standard integration plugin in partnership with Leading PLM vendors to integrate CLO with PLM.

Our founding partner and Consultants at GoVise Technologies have combined 50+ years of rich experience leading Digital and PLM programs for various leading fashion brands in the USA, Europe, Canada, and India. We have a good partner network, global reach, resource pool, and right approach, which helps us to succeed in customer's expectations.

**Empower Fashion Brands to Develop Digitally Innovative, Sustainable, and Profitable Products.**

**Partner with Fashion Brands across the globe in embracing technology solutions, to increase visibility, control over compliance, Quality, Timelines, and Profitability.**

**Win-Win-Win  
Philosophy.**
